

## SAFETY DATA SHEET PROTEC PLUS 16-4-8

SECTION 1: Identification of	the substance/mixture and of the company/undertaking
1.1. Product identifier	
Product name	PROTEC PLUS 16-4-8
Product number	LQF005/10, LQF005/200
1.2. Relevant identified uses	of the substance or mixture and uses advised against
Identified uses	Fertiliser for use on managed amenity turf
1.3. Details of the supplier of	the safety data sheet
Supplier	Headland Amenity Ltd. 1-3 Freeman Court Jarman Way Royston Hertfordshire SG8 5HW +44 (0)1763 255550 sds@headlandamenity.com
Contact person	Wendy Johnson
1.4. Emergency telephone number	
Emergency telephone	+44 (0)1763 255550 (09.00 - 17.00 GMT Monday - Friday)
National emergency telephone 111 number	
SECTION 2: Hazards identifi	cation
2.1. Classification of the subs	stance or mixture
Classification (EC 1272/2008	—
Physical hazards	Not Classified
Health hazards	Skin Irrit. 2 - H315 Eye Irrit. 2 - H319
Environmental hazards	Not Classified
2.2. Label elements	
Hazard pictograms	
Signal word	Warning
Hazard statements	H315 Causes skin irritation. H319 Causes serious eye irritation.

Precautionary statements	<ul> <li>P264 Wash contaminated skin thoroughly after handling.</li> <li>P280 Wear protective gloves, protective clothing and eye protection.</li> <li>P302+P352 IF ON SKIN: Wash with plenty of water.</li> <li>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> </ul>
	contact lenses, if present and easy to do. Continue rinsing. P332+P313 If skin irritation occurs: Get medical advice/ attention. P337+P313 If eye irritation persists: Get medical advice/ attention.

## 2.3. Other hazards

This product does not contain any substances classified as PBT or vPvB.

SECTION 3: Composition/information on ingredients		
3.2. Mixtures		
POTASSIUM CARBONATE		1-10%
CAS number: 584-08-7	EC number: 209-529-3	
Classification		
Skin Irrit. 2 - H315		
Eye Irrit. 2 - H319		
STOT SE 3 - H335		
STOT SE 3 - H335		
STOT SE 1 - H370		
ORTHOPHOSPHORIC ACI	D	1-10%

Skin contact	-	ntamination. Take off immediately all contaminated
	-	in thoroughly with soap and water. Get medical
	attention if any discomfort continues.	
Eye contact	-	utes. Remove contact lenses, if present and easy
	-	or at least 15 minutes. Get medical attention if
	irritation persists after washing.	
4.2. Most important symptom	is and effects, both acute and delayed	
Inhalation	There may be irritation of the throat with a f	eeling of tightness in the chest.
Ingestion	There may be soreness and redness of the	mouth and throat. Nausea and stomach pain may
-	occur. Nausea, vomiting.	. ,

Skin contact         Skin contact may cause redness and irritation.           Eye contact         Irritation and redness, followed by blurred vision. Profuse watering of the eyes.           4.3. Indication of any Immediate medical attention and special treatment needed           Notes for the doctor         No specific recommendations. If in doubt, get medical attention promptly.           Specific treatments         Eye bathing equipment should be available on the premises.           SECTION 5: Firefighting media         The product is not flammable. Use fire extinguishing media suitable for the surrounding fire.           Unsultable extinguishing media         None known.           Sc3. Special hazards arising from the substance or mixture           Hazardous combustion         Toxic gases or vapours.           productive actions during in emotions         No specific firefighting precautions known. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk.           Special protective equipment and emergency procedures         Environmental precautions.           Firefighters         Wear protective clohing as described in Section 8 of this safety data sheet.           61.Personal precautions         Void the spillage or runoff entering drains, severs or watercourses. Contain the spillage urunoff entering.           61.Personal precautions         Avoid the spillage or runoff entering drains, severs or watercourses. Contain the spillage urunoff entering drains, severes or watercourses. Contai		
4.3. Indication of any immediate medical attention and special treatment needed         Notes for the doctor       No specific recommendations. If in doubt, get medical attention promptly.         Specific treatments       Eye bathing equipment should be available on the premises.         SECTION 5: Firefighting measures       5.1. Extinguishing media         Suitable extinguishing media       The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.         Unsuitable extinguishing media       None known.         Sector firefighters       Toxic gases or vapours.         Productive actions during       No specific firefighting precautions known. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk.         Special protoctive equipment       Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.         SECTION 6: Accidental release measures       6.1. Personal precautions         6.1. Personal precautions       Wear protective equipment and emergency procedures         Personal precautions       Avoid the spillage or runoff entering drains, severs or watercourses. Contain the spillage using bunding.         6.3. Methods and material for containment and cleaning up       Methods for cleaning up         Methods for cleaning up       Stop leak if as to do dos. Contain and absorb spillage with sand, earth or other noncombustible material. Collect and place in suitable waste disposal containers an	Skin contact	Skin contact may cause redness and irritation.
Notes for the doctor         No specific recommendations. If in doubt, get medical attention promptly.           Specific treatments         Eye bathing equipment should be available on the premises.           SECTION 5: Firefighting media         Eye bathing equipment should be available on the premises.           Suitable extinguishing media         The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.           Unsuitable extinguishing media         None known.           Secial hazards arising from the substance or mixture           Hazardous combustion         Toxic gases or vapours.           products         Toxic gases or vapours.           S.3. Advice for firefighters         Provided actions during and remove them from the fire area if it can be done without risk.           Special protective equipment for firefighters         Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.           SECTION 6: Accidental release measures         Environmental precautions         Wear positive clothing as described in Section 8 of this safety data sheet.           6.1. Personal precautions         Avoid the spillage or runoff entering drains, severs or watercourses. Contain the spillage using bunding.           6.3. Methods and material for containment and cleaning up         Methods for cleaning up         Stop leak if safe to do so. Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and se	Eye contact	Irritation and redness, followed by blurred vision. Profuse watering of the eyes.
Specific treatments         Eye bathing equipment should be available on the premises.           SECTION 5: Firefighting media         Suitable extinguishing media           Suitable extinguishing media         The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.           Unsuitable extinguishing media         None known.           media         Source and the substance or mkture           Hazardous combustion products         Toxic gases or vapours.           5.3. Advice for firefighters         Protective actions during and remove them from the fire area if it can be done without risk.           Special protective equipment         Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective dothing:           SECTION 6: Accidental release measures         Section 9 and the spillage or runoff entering drains, severs or watercourses. Contain the spillage using bunding.           6.1. Personal precautions         Avoid the spillage or runoff entering drains, severs or watercourses. Contain the spillage using bunding.           6.3. Methods and material for containment and cleaning up         Methods for cleaning up           Methods for cleaning up         Stop leak if safe to do so. Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and seal securely. Fluch containment area area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.           6.4. Reference to other sections	4.3. Indication of any immedia	te medical attention and special treatment needed
SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         Unsuitable extinguishing media         None known.         media         5.2. For waste disposal, see Section 13.         SECTION 7: Handling and storage       Provide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.         Advice on general occupational hygiene       Do not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	SECTION 6: Accidental release	e measures
6.2. Environmental precautionsAvoid the spillage or runoff entering drains, sewers or watercourses. Contain the spillage using bunding.6.3. Methods and material for containment and cleaning upStop leak if safe to do so. Contain and absorb spillage with sand, earth or other non- combustible material. Collect and place in suitable waste disposal containers and seal securely. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.6.4. Reference to other sectionsFor personal protection, see Section 8. For waste disposal, see Section 13.SECTION 7: Handling and storzeYou'de adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.OutputDo not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	6.1. Personal precautions, pro	tective equipment and emergency procedures
Environmental precautionsAvoid the spillage or runoff entering drains, sewers or watercourses. Contain the spillage using bunding.6.3. Methods and material for containment and cleaning upMethods for cleaning upStop leak if safe to do so. Contain and absorb spillage with sand, earth or other non- combustible material. Collect and place in suitable waste disposal containers and seal securely. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.6.4. Reference to other sectionsFor personal protection, see Section 8. For waste disposal, see Section 13.SECTION 7: Handling and storageProvide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.Usage precautionsProvide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.Advice on general occupational hygieneDo not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	Personal precautions	Wear protective clothing as described in Section 8 of this safety data sheet.
6.3. Methods and material for containment and cleaning up         Methods for cleaning up       Stop leak if safe to do so. Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and seal securely. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.         6.4. Reference to other sections       For personal protection, see Section 8. For waste disposal, see Section 13.         SECTION 7: Handling and stores       T.1. Precautions for safe handling         Usage precautions       Provide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.         Advice on general occupational hygiene       Do not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	6.2. Environmental precaution	<u>s</u>
Methods for cleaning upStop leak if safe to do so. Contain and absorb spillage with sand, earth or other non- combustible material. Collect and place in suitable waste disposal containers and seal securely. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.6.4. Reference to other sectionsFor personal protection, see Section 8. For waste disposal, see Section 13.SECTION 7: Handling and storageProvide adequate ventilation. Avoid spilling. SECTION 7: Handling and storage         7.1. Precautions for safe handling         Usage precautions       Provide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.         Advice on general occupational hygiene       Do not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	6.4. Reference to other section	
7.1. Precautions for safe handling         Usage precautions       Provide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.         Advice on general occupational hygiene       Do not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	Reference to other sections	For personal protection, see Section 8. For waste disposal, see Section 13.
Usage precautionsProvide adequate ventilation. Avoid spilling. Avoid contact with skin and eyes. Wash hands thoroughly after handling.Advice on general occupational hygieneDo not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	SECTION 7: Handling and storage	
Advice on general occupational hygieneDo not eat, drink or smoke when using this product. Remove contaminated clothing and protective equipment before entering eating areas.	7.1. Precautions for safe hand	ling
occupational hygiene protective equipment before entering eating areas.	Usage precautions	
7.2. Conditions for safe storage, including any incompatibilities	-	
	7.2. Conditions for safe storage, including any incompatibilities	

Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place. Protect from frost. Store at temperatures above 5°C. Keep away from heat. Protect from sunlight. Keep away from food, drink and animal feeding stuffs.
7.9 Specific and use(a)	
7.3. Specific end use(s)	The identified uses for this product are detailed in Castion 1.2
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
SECTION 8: Exposure control	s/Personal protection
8.1. Control parameters	
Occupational exposure limits	
ORTHOPHOSPHORIC ACID	
Long-term exposure limit (8-ho Short-term exposure limit (15-ho WEL = Workplace Exposure L	ninute): WEL 2 mg/m <sup>3</sup>
	POTASSIUM CARBONATE (CAS: 584-08-7)
DNEL	Industry - Dermal; Long term local effects: 16 mg/cm <sup>2</sup>
	Industry - Inhalation; Long term local effects: 10 mg/m <sup>3</sup>
	Consumer - Dermal; Long term local effects: 8 mg/cm <sup>2</sup> Consumer - Inhalation; Long term local effects: 10 mg/m <sup>3</sup>
8.2. Exposure controls	
Protective equipment	
Appropriate engineering controls	Provide adequate ventilation.
Eye/face protection	The following protection should be worn: Chemical splash goggles or face shield. Provide eyewash station.
Hand protection	Wear protective gloves.
Other skin and body protection	Wear appropriate clothing to prevent any possibility of skin contact.
Hygiene measures	Do not smoke in work area. Wash at the end of each work shift and before eating, smoking and using the toilet. Wash promptly if skin becomes contaminated. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin. Do not eat, drink or smoke when using this product.
Respiratory protection	No specific recommendations. Respiratory protection may be required if excessive airborne contamination occurs.
Environmental exposure controls	Refer to specific Member State legislation for requirements under Community environmental legislation.
SECTION 9: Physical and chemical properties	
9.1. Information on basic phys	ical and chemical properties
Appearance	Liquid.

Odour threshold No information available.	
pH pH (concentrated solution): 9.0-10.0	
Melting point No information available.	
Initial boiling point and range No information available.	
Flash point         Mixture not classed as flammable	
Evaporation rate No information available.	
Evaporation factor No information available.	
Flammability (solid, gas) Not applicable.	
Upper/lower flammability or Not applicable. explosive limits	
Vapour pressure No information available.	
Vapour density No information available.	
Relative density1.21 +/- 0.02	
Bulk density No information available.	
Solubility(ies) No information available.	
Partition coefficient No information available.	
Auto-ignition temperature No information available.	
Decomposition Temperature No information available.	
Viscosity No information available.	
Explosive properties Not considered to be explosive.	
<b>Oxidising properties</b> Does not meet the criteria for classification as oxidising.	
9.2. Other information	
Other information No information required.	
SECTION 10: Stability and reactivity	
10.1. Reactivity	
<b>Reactivity</b> There are no known reactivity hazards associated with this product. Stable under recommended transport or storage conditions.	
10.2. Chemical stability	
Stability Stable at normal ambient temperatures. Stable under normal conditions.	
10.3. Possibility of hazardous reactions	
Possibility of hazardousUnder normal conditions of storage and use, no hazardous reactions will occur.reactions	
10.4. Conditions to avoid	
Conditions to avoid Avoid heat.	
Conditions to avoid Avoid heat.	

# Hazardous decomposition Possible irritant fumes. products

SECTION 11: Toxicological information	
11.1. Information on toxicological effects	
Toxicological effects	No information available.
Inhalation	There may be irritation of the throat with a feeling of tightness in the chest.
Ingestion	There may be soreness and redness of the mouth and throat. Nausea and stomach pain may occur. Nausea, vomiting.
Skin contact	Skin contact may cause redness and irritation.
Eye contact	There may be irritation and redness. Profuse watering of the eyes. May cause blurred vision and serious eye damage.
SECTION 12: Ecological infor	mation
Ecotoxicity	Not regarded as dangerous for the environment.
12.1. Toxicity	
12.2. Persistence and degradability	
Persistence and degradability	No information available.
12.3. Bioaccumulative potentia	al
Bioaccumulative potential	No information available.
Partition coefficient	No information available.
12.4. Mobility in soil	
Mobility	No information available.
12.5. Results of PBT and vPvI	3 assessment
Results of PBT and vPvB assessment	This product does not contain any substances classified as PBT or vPvB.
12.6. Other adverse effects	
Other adverse effects	Not applicable.
SECTION 13: Disposal consid	lerations
13.1. Waste treatment method	
Disposal methods	Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.
SECTION 14: Transport inform	nation
General	The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).
14.1. UN number	
Not applicable.	
14.2. UN proper shipping nam	e

Not applicable.

#### 14.3. Transport hazard class(es)

No transport warning sign required.

#### 14.4. Packing group

Not applicable.

#### 14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant

No.

#### 14.6. Special precautions for user

Not applicable.

#### 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code

SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

#### SECTION 16: Other information

Revision comments	Supplier company address updated. Emergency contact details updated. NOTE: Lines within the margin indicate significant changes from the previous revision.
Revision date	09/07/2021
Revision	2
Supersedes date	19/12/2018
SDS number	20539
Hazard statements in full	H314 Causes severe skin burns and eye damage. H315 Causes skin irritation. H318 Causes serious eye damage. H319 Causes serious eye irritation. H335 May cause respiratory irritation.
